A History of St. James Catholic Church Underwriting Opportunity

After three years of research and perseverance, an investment of time to make sure that the “story of our parish” is accurately and lovingly preserved in print, our 150th anniversary commemorative parish history book is nearly ready for publishing. We are seeking benefactors to underwrite the printing costs, so that we can make our book affordable for all.

Your contribution will help us preserve the rich history of St. James Church in a limited edition hardcover book full of photos, historical records, and a complete timeline from the 1700s through 2014. As a benefactor, you will be listed as you prefer in the book, forever recognized for your generosity. You will also receive a complimentary book.

Please submit the form below by September 15th with a check made payable to St. James Church.
